3. Administrative appointments and scrutineering details for all crews

3.1 All cars must have a complete certified homologation form (2021 FIA Appendix J, Article 251.2.1.8)

3.2 For request of Late Scrutineering, contact in writing the Chief Scrutineer copied to the Clerk of Course. A request for late Scrutineering, does not exempt an entrant from the prescribed fine.

3.3 Sealing

Sealing of the cars will be carried out according to FIA RRSR Art.16. It is reminded that sealing of the transmissions (including spare parts) with wire and tag applies to all cars 916.3.2), Including non-priority drivers cars. Therefore, all underbody protection must be removed for scrutineering, but must be kept with the car for weight checks.

3.4 Noise Level

There will be mandatory noise check at the scrutineering (maximum 103 dB at 3500 rpm). Any vehicle over this limit will not pass scrutineering.

3.5 COVID19 Note

A limited number of competitor representatives will be allowed in scrutineering venue (one or two per car, plus one for the drivers equipment). Face masks must be worn at all times.

The competitor representative in charge of each crews equipment will place them on a table reserved for this purpose.

After this, the scrutineer will come to the other side of the table (thus creating a natural distance of 1.5 - 2 meters to the competitor representative.)

The competitor representative will present each piece of equipment, the scrutineer will not touch the equipment.

When the inspection has been done, the competitor representative will pack up the equipment and leave.

The table in question will then be disinfected and the scrutineer will clean His/Her hands with hand sanitizer.

4. Deviation of the the route

Any deviations off the route as determined by the organisers will be subject to penalties as per Art.
